WHY CHOOSE THE VHG

The VHG, with its fuel-efficient burner and vertical hot water coil, is the most compact natural gas hot water pressure washer on the market today yet is packed with Landa quality.

COMPACT: The VHG is only 24-inches wide, 53-inches long and stands 49-inches high, an amazingly small footprint for all of the features and quality it possesses. Plus there are larger models for the bigger cleaning jobs.

QUALITY: The VHG boasts many of the industrial-grade components and safety features that have set apart Landa pressure washers as the most dependable and safe in the industry.

For instance, the VHG burner comes with a fused transformer and RobertShaw Millivolt Ignition with standing pilot light (electronic ignition is optional). The heat is retained in Landa's carefully crafted heating coils made of leak-free, cold-rolled, half-inch, Schedule 80 steel pipe.
